<b>Highlights:</b>	

### Old Business

Revisions for the rewritten charter goals were reviewed. Changes had been suggested after the meeting with the Commissioners. They have been simplified and better aligned with the CLIP. (See Principal's Report for final copy.)

The letter to The Commission along with the revised goals was reviewed and is ready to send.

### New Business

Preliminary scores were received for recent Milestones. They show a need for concern. There is a definite correlation between available curriculum and improvement. With the new math curriculum being adopted for next year, it is hoped that there will be a significant improvement. Scores are presently embargoed and will be released when permission is given.

Scheduled Professional development was examined. The list includes, but is not limited to:

Training for MTSS (which replaces the RTI process) from Allison at EIP

SLDS training from GADoe

Standards practices training from Metro RESA

Admin training from Metro RESA on expulsion/tribunal process

No need was seen to review HOS accountability matrix.
